## **An Invitation to Creating Democracy**

A Participatory Workshop on How to Change Laws and  
Assert Citizen Authority and Power.

This workshop looks at the history and current status of the relationship between citizens and corporations in our claimed "democracy." It examines how the entity that is known as the business corporation, a legal creation of the state, attained legal and constitutional rights shielding them from democratic citizen control. We seek to unearth what has for too long been buried - and to use it as we seek authentic self-governance in our communities and country.

**Wednesday, February 24 from 6-10 pm**

**Liberty Township Town Hall, 1315 Churchill - Hubbard Rd, in Liberty Township
